7. Any construction, demolition, excavation, erection, alteration, or repair activity.

STORM WATER CORNER

As you look along Escalon streets, you will find drain inlets that connect to the storm drain system. Storm lines collect runoff (rain) and materials found on streets, such as litter, pet waste, leaves, and grass clippings and transport it directly to creeks, rivers, and the ocean. When these materials enter creeks and rivers, they become pollutants that negatively affect water quality. Littering is against the law so place your trash into a garbage can. If you are hauling a load of trash or green waste to the dump or recycling station, be sure to securely cover the load to avoid flyaway trash. Public Works has labeled all City storm drain inlets with a circular label stating "Only Rain Down the Storm Drain". If you notice a missing label, or see any-one illegally dumping into a storm drain, please contact the City Storm-water Line at 691-7495. ■

ESCALON SENIOR FUN BUNCH

Spring is around the corner and it is time to get outdoors. We are planning a walking club called the "SENIOR STEPPERS". This will be an activity for all seniors. The weekly walks will have a leader who knows the route, distance & safe areas for walking.

Want to join the SENIOR STEPPERS for a walk around town? Call Garry Thomasser at (909) 599-4566 or Peggy Rocha at (209) 479-6099 for more information.
