BEHIND ON YOUR UTILITY BILL? HOW TO AVOID DISCONNECTION

www.cityofescalon.org

Governor Newsom's executive order N-42-20, passed in April 2020, prohibits all public water agencies from shutting off water during the pandemic for non-payment. The Governor's recently passed executive order N-08-21 identifies the discontinuation of executive order N-42-20 **effective September 30, 2021** which will put any utility accounts with a balance over 60-days at risk of being disconnected. We encourage you to start making payments or call us to setup a payment plan prior to the executive order being lifted. Payments can be in one of the following ways:

1. In person at City Hall 2060 McHenry Ave. We accept cash, check, or credit card
2. Mail in to City Hall 2060 McHenry Ave., Escalon, CA 95320
3. Place in our payment drop box located just left of our front doors
4. Online following the link at www.cityofescalon.org
5. By phone at 1-866-238-2287

WATER...HELP CONSERVE NOW

◆ Reduced water use is very important during the period of 4:00am and 9:00am. During the summer months this period of the morning is typically very high in usage. Please set your landscape watering schedules to the early morning hours between 12:00am and 4:00am and adjust sprinklers to avoid water runoff

◆ Use the washing machine for full loads only to save both water and energy.

- ◆ Install low-flow shower heads
- ◆ Turn water off when brushing teeth or shaving

By making some adjustments you conserve water and reduce your water bills.

29th ANNUAL CITY-WIDE YARD SALE

It's that time of year again and plans are underway for the 29th Annual City-Wide Yard Sale which is planned for Saturday, October 2, 2021 from 8:00 am to 2:30 pm. This truly unique experience is especially fun for collectors and yard sale addicts.

Residents who wish to advertise their sale must complete the form below and return it to City Hall with the required \$5 fee. This fee will cover the cost of regional advertising and printing of maps with addresses of residents participating in the event. Once

STORMWATER CORNER

Residents and businesses are no longer allowed to put organic debris (including leaves) in the streets for the street sweeper to pick up. The State of California is regulating stormwater contamination and the City is required to comply with State permits. Leaves, soil, bark, grass clippings, and plant prunings are carried through the storm drain system to streams, lakes, rivers, and the ocean. Nutrient Pollution, caused by the nitrogen and phosphorus in the organic materials, causes harmful algal blooms, major environmental damage, and serious health problems in people and animals. Residents are required to use their green waste container for all organic debris generated on their property. If using a landscape company, please ensure they are not sweeping or blowing organic debris into the gutter/roadway. ■
