- Bills are sent on the 1st of each odd month and are due 7 days after mailing.
- Late fees are applied in the second week of each even month.
- Starting with the March 1st bill, water shut-offs are scheduled to begin 60 days after the due date.

- least 48 hours prior to the scheduled shut-off day.
- Payment plans form can be found on the City website at <https://tinyurl.com/escwaterdisc>
- If you are experiencing a hardship from the pandemic, please provide explanation in the "detail the circumstances" section of the Request for Payment Plan form as additional assistance may be available.

WATER RATE INCREASE

A water rate increase will be reflected on your City of Escalon March utility bill:

Residential Base Rate
\$68.82

Water Consumption
\$1.69 per thousand gallons of water used

For questions regarding the increase, call 209-691-7423. ■

STORM WATER CORNER

As you look along Escalon streets, you will find drain inlets that connect to the storm drain system. Storm lines collect runoff (rain) and materials found on streets, such as litter, pet waste, leaves, and grass clippings and transport it directly to creeks, rivers, and the ocean. When these materials enter creeks and rivers, they become pollutants that negatively affect water quality. Littering is against the law so place your trash into a garbage can. If you are hauling a load of trash or green waste to the dump or recycling station, be sure to securely cover the load to avoid flyaway trash. Public Works has labeled all City storm drain inlets with a circular label stating "Only Rain Down the Storm Drain". If you notice a missing label, or see anyone illegally dumping into a storm drain, please contact the City Storm-water Line at 691-7495. ■

ESCALON SENIOR STEPPERS
